

EXPERIENCE HIROSHIMA ONLINE

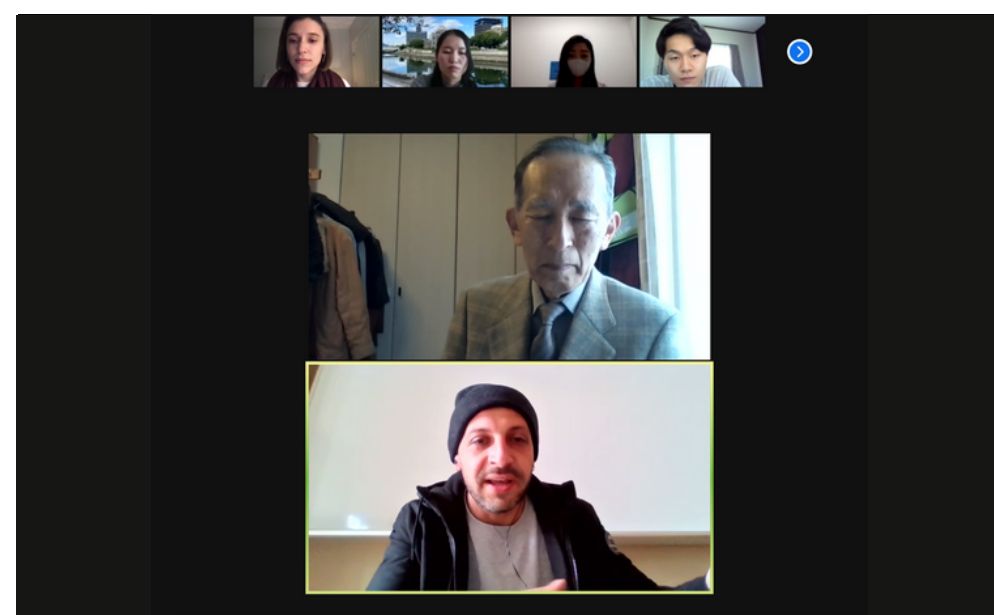

On August 6, 1945, the first atomic bomb ever used in war was dropped on Hiroshima, Japan, reducing a once vibrant and bustling city to rubble and ash. What did the people living in Hiroshima experience? How is Hiroshima's past and present relevant to our own lives? And how can the stories of hibakusha inspire us to be more resilient, open-minded, and intentional in the way we live our lives? We will explore these themes during **EXPERIENCE HIROSHIMA ONLINE.**
